

Juan Mondragon

Product Designer

408 476 0647

San Jose, CA

advrunr@gmail.com

Senior Product Designer with 11+ years at LinkedIn, leading design across sales, talent, and content platforms. I've shaped systems that empower teams to publish faster, plan smarter, and connect through AI-driven tools like Seller Agent. I bring a user-centered, data-informed mindset to solving complex product challenges at scale.

EXPERIENCE

Product Design LinkedIn (2014–2025)

- **Senior Product Designer - Sales Solutions (2022–2025)**
Drove end-to-end design process to deliver scalable solutions for Sales Navigator and Sales Insights. Helped lay the groundwork for LinkedIn AI Agents through my work on Sales Navigator's Seller Agent. Helped Sales Operations teams make smarter, faster decisions through Sales Insights that reduced uncertainty and improved forecasting.
- **Product Design Lead - Productivity Solutions (2020–2022)**
Led a 3 person design team improving content creation workflows across LinkedIn. Streamlined Help Center publishing, automated localization, and enabled internal tools like LinkedIn's email creation and management platform.
- **Senior Product Designer - Talent Solutions (2018–2020)**
Led design of Pipeline Builder to enable organizations to build targeted pipelines of interested candidates for high priority, high volume, or hard-to-fill roles. Enabled Talent Brand Managers to attract and measure ROI, and helped Admins customize their presence on LinkedIn with Career Pages.
- **Product Designer - LinkedIn Company Pages (2016–2018)**
Led design of Company Pages, both admin and member experiences across free and paid tiers. Launched LinkedIn's first company review experience, to help job seekers assess fit.
- **Product Designer - Sales Solutions (2014–2016)**
Led design for Admin and Integration pillars—enabling CRM/Gmail integration and scalable team management. Launched Social Selling Index and growth initiatives to drive adoption. Shaped core product through research, prototyping, and cross-functional collaboration.

UX Design at LinkedIn (2013)

- UX Design Intern on LinkedIn's Monetization team. Designed a comprehensive product directory to improve discoverability and navigation. Conducted user interviews, journey mapping, wireframing, and prototyping.

UX Design at ThreadUp (2012)

- UX Design Intern at ThreadUp, partnering with the mobile team to launch the Android app. Designed shopping flows for the online store and created supporting print collateral.
